

# Tech-Inspired Babysitter Activity List

## ■■ Maker & Builder Fun

- Domino Coding – Set up dominoes like an algorithm and watch the chain reaction.
- Paper Airplane Lab – Design and test which plane flies the farthest.
- Tech Towers – Build the tallest tower using random materials like cups or cards.
- Robot Costume – Make wearable robot armor from boxes and tin foil.

## ■ Creative Tech-Inspired Arts

- Emoji Masks – Draw emoji faces and act out a scene with them.
- Augmented Reality on Paper – Draw a real room or park and add futuristic features.
- Futuristic Fashion Show – Design clothes for the year 3000 with paper and tape.
- Invent a New Emoji – Create one that doesn't exist yet and explain its meaning.

## ■ Puzzles & Challenges

- Circuit Maze – Give step-by-step code instructions to escape a maze.
- Tech Trivia – Quiz each other about gadgets, apps, or video games.
- Encryption Game – Write a secret message using numbers (A=1, B=2, etc.).
- Logic Puzzle Hunt – Hide clues that require riddles or math to solve.

## ■ Pretend Play / Role-Play

- Genius Inventors Show – Pretend you're pitching an invention on Shark Tank.
- Tech Support Roleplay – Babysitter has a fake tech problem you must solve.
- Space Mission Control – Build a rocket cockpit and assign astronaut roles.
- Virtual Zoo IRL – Pretend stuffed animals are digital creatures you must scan and feed.

## ■ Music & Sound Fun

- Beatbox Challenge – Pretend you're a sound machine with buttons.
- Homemade Instruments – Use jars, spoons, and rubber bands to make a band.
- Sound Hackers – Record weird noises and guess what they are.
- Techno Dance Off – Pretend to be robots dancing to music.

## ■ Bonus Quick Games (5–10 minutes)

- Loading Screen – Stand frozen like you're buffering, then suddenly move.
- App Switch – Babysitter calls out apps and you act them out.
- Glitch Mode – Freeze, rewind, or glitch like a video.
